- Convenient hotkeys and proprietary solutions, including EasyTouch™ and FastFind™, for applications at your fingertips
- Forms and color of the devices are designed to be comfortable in the hands and easy on the eyes
- EnergyMAX™ solution for prolonged battery life

Sentido™ **WIRELESS** Laser Desktop Combo

Windows® Vista™ Hotkeys

Quick Tab View - thumbnail images of all open Microsoft Internet Explorer7 tabs in one view for quickly selection.
Gadgets - for information at-a-glance, such as weather, news, maps and online photo albums, etc.
Flip 3D - thumbnail images of open windows contents for easy identification. (Works as Applications Switch on Windows® XP.)

VOIP Hotkeys

Hassle-free hotline keys for internet calling with designated family and friends.

FastFind™ Button

Proprietary "plug-and-click" button to instantly access default Internet search engine for immediate search results of a highlighted text on an electronic document or page.

2.4GHz for optimal connection

Advanced wireless technology automatically senses and overrides interferences, and switches to a secured frequency ensuring uninterrupted connection.

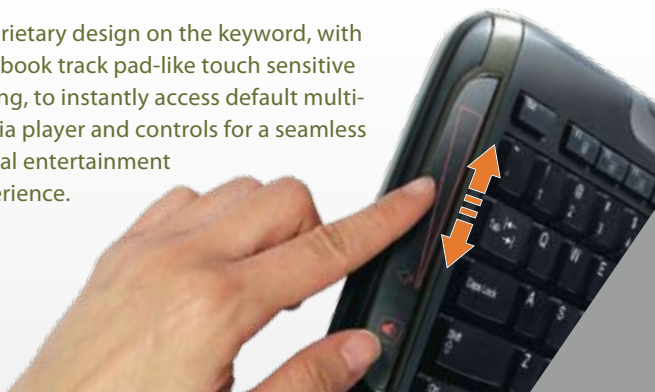

EnergyMAX™ for extended battery life

Proprietary energy saving solution so the batteries can last up to 24 months for the keyboard and 12 months for the mouse.

EasyTouch™ For multimedia control

Proprietary design on the keyboard, with notebook track pad-like touch sensitive feeling, to instantly access default multimedia player and controls for a seamless digital entertainment experience.
